**SUNDAY 21<sup>st</sup> JUNE 2020**

## **LYDIA'S CONVERSION- ACTS 16:11-16**

**CREATE:** In Acts 16:14 we read that the Lord opened Lydia's heart to respond to God's love. As a reminder of the story, create your own "Open-Up Heart" envelope. Print off the template and instructions -but if you don't have a printer just use the template as a guide.

**COLOUR:** Lydia was a businesswoman- selling beautiful and expensive purple fabric. Colour in the robe using as many different purples that you can mix or find. Have fun creating your own pattern to make the robe really snazzy!!

**DRAW:** To remind you of the character Lydia and her story- create a washing line of purple clothes. Create fancy patterns and designs for your clothes and imagine them blowing on the washing line.

**MAKE:** Lydia was transformed by deciding to be a follower of Jesus. A butterfly is a fab symbol of transformation- so make a purple butterfly to help you remember you can be transformed by God's love too!! They are super simple to make!!!

## Heart Envelope

1. Print out this page onto card or paper and then carefully cut out the heart. (If you don't have a printer cut out a heart shape roughly the same size as this one)

Then either: - Paint one side of the heart with purple paint to remind you of Lydia's story. (Make purple by mixing red and blue together.) Try sponging, stamping or dripping to create a decorative paint effect

Or - use scraps of purple paper – wrapping paper, tissue paper, scrapbooking paper, ribbon etc. to decorate one side of your heart. (You could also use the heart as a template and cut it out of decorative paper)

Follow the picture instructions and use the dotted lines to fold the heart and make it into an envelope.

In the centre rectangle write "Lord, open my heart to you."

Fold it back up into an envelope- and you are all done. Why not make one for your friends or family to remind them about the Lydia story too?

## Paper Butterflies

Follow this link -to watch a video of how to make these paper butterflies- they are really, really easy to make and they look fantastic!!!

1. Create decorative papers using different shades of purple paint. Swirls, splodges, splatters on wet paper work well. Or- just use a plain piece of paper!

2. When the paper is dry, cut two circles- one larger than the other. Mine were 9cm and 7.5cm across-but it really doesn't matter as long as one is bigger!)

3. Fold each circle in half, then in half again

4. Open the circles back to being in half. Place the smaller circle on top so the edges meet and then staple together on the crease mark.

5. Make the antennae- a long strip of paper and then stick it onto the edge of the big circle

6. Open out the circles and you'll see the butterfly shape has been made. Then, roll the antennae up using a thin paintbrush to make it curl.

7. And you are done!!! Now why not try making more butterflies to hang in your room to remind you of Lydia's transformation.
